

Students should submit their minor checklist forms to Students Services with their primary major checklists and advisement report when these forms are required for the student's expected graduation term. One copy must be submitted to the ENVS Program's Office. For transferred credit courses, list by title and add a (T) next to them. Indicate which courses are in progress or to be taken. If substitutions are subsequently made for courses listed as "to be taken," it is the student's responsibility to notify and get approval from their Environmental Studies Advisor.
