TEACHING ASSISTANT WANTED FOR FALL 2016
Soc 101, Quantitative Research Methods

Position: Quantitative Methods Teaching Assistant
Location: Tufts University, Department of Sociology
Teaching Dates: September 1, 2016 – December 15, 2016

Tufts University Department of Sociology seeks a teaching assistant for a Quantitative Research Methods course offered during Fall Semester 2016. This is an introductory course in data analysis for sociology and related disciplines, and introduces tools for primary and secondary data from descriptive statistics through multiple regression.

The course is offered from September to December 2016 on Mondays and Wednesdays from 1:30 to 2:45pm. The teaching assistant is responsible for a series of course related tasks, including the teaching one section (Wednesday 1:30-2:45pm), the holding of office hours for consultations with students, and grading student work. The TA is expected to attend the lectures.

The ideal candidate has an advanced degree in sociology or statistics with previous teaching experience in undergraduate quantitative courses. PhD candidates are strongly preferred. Candidates must also be proficient with STATA statistical software.

Please submit your application electronically to John.Libassi@tufts.edu and put “Quantitative Methods TA” in the subject line. Include a cover letter outlining your qualifications, a CV and the names of two references.
