

INTERESTED IN CHILDREN AND NEW TECHNOLOGIES?

MIX & MATCH PANEL DISCUSSION

Learn about the different ways you can mix and match your majors (and/or minors) with Child Study and Human Development!

WHAT

PANEL DISCUSSION

organized by Prof. Marina Bers, director of the DevTech Research Group and chair of the CSHD Department. Guest panelists include alumni and current undergraduate students who successfully integrated Child Study and Human Development into their academic paths involving computer science, mechanical engineering, cognitive and brain sciences, and more!
