

Short-term research assistant position with the MAPA Digital Atlas of Ukraine project at Harvard Ukrainian Research Institute

The Harvard Ukrainian Research Institute (HURI) is looking to hire a research assistant to code Ukraine-related data (data on economic profiles of companies, and possibly data on popular protests and elections) to be used by the MAPA Project. The position is originally for 20 hours, with a possibility of extension. Working hours are flexible and work can be completed remotely (not at HURI) within the next month. Applicants must be US citizens or legal permanent residents authorized to work in the US. Pay rate is \$13.50 per hour.

Qualifications:

Meticulousness, attention to detail, strong organizational skills, proficiency with MS Excel, and some prior familiarity working with data sets are required. Knowledge of Cyrillic alphabet and ability to read location and company names written in Cyrillic is a plus but not required.

Application process:

Send your resume and a letter explaining your relevant qualifications and interest to Prof. Oxana Shevel oxana.shevel@tufts.edu
